ANTHRACITE OPERATORS AND MINERS AGREE

MEN WILL RETURN TO WORK ON THE BASIS OF OLD WAGE SCALE

Announcement Was Made After an All Day Joint Conference Yesterday—Agreement Runs to August 31, 1923—Gratification is Expressed by Officials at Washington

PHILADELPHIA, Sept. 2.—An agreement to end the protracted anthracite suspension "in the immediate future" was reached by the operators and miners in a late session tonight. The men will return to work on the basis of the old wage agreement to extend until August 31, 1923. The announcement came after an all day session of the operators and a joint conference of operators and miners. Senator Pepper's office tonight. The fixing of August 1, 1923, for the period of the new contract was a compromise. The operators wanted the agreement to expire March 31, 1923, while the miners desired it extended to March 31, 1924. Under the laws of the United Mine Workers of America the agreement is subject to ratification by the miners' sale committee. It will meet in Philadelphia tomorrow and the convention will be held at Wilkes Barre, Pa., on Wednesday. The agreement was reached after a communication from President Harding was received by the parties to the controversy. Under date of Sept. 1, the president wrote:

GOVERNMENT IS MAKING READY TO ENFORCE ORDER

More Than 5,000 Deputy U. S. Marshals Held in Readiness

CHICAGO, Sept. 2.—While all efforts of the government are directed today toward enforcing the restraining order issued yesterday prohibiting striking railway shopmen from interfering with the nation's railroad traffic, reports of scattered violence continued to be received.

More than 5,000 deputy United States marshals were ready today to see that the order is enforced. Printed copies of the instrument were being served on more than 250 union officials throughout the country. Deputy marshals were said they had obtained service on a "majority" of those named in the writ issued yesterday by Judge James Wilkes in federal court at the request of Attorney General Daugherty.

Mr. Daugherty left for Columbus yesterday and Blackburn, his assistant left today. Mr. Esterline said the restraining order will be enforced to the letter. Meanwhile the strike of more than 300,000 shopmen continued unchecked and the tie between the government and the strikers was not forced by a single arrest.

The life of the order extends to September 11 when a hearing will be made permanent to be held. While the shopmen issued statement thru the executive council that the writ could be obeyed the right was claimed to enforce the strike in a lawful manner.

No comment on the federal action was forthcoming from the railroad labor board today where members were busy with the hearing involving the maintenance of way employees' request for an increase in wages.

BOYS MISTAKEN FOR WORKERS; BEATEN
Oskaloosa, Iowa, Sept. 2.—Edward Day and Henry Hughes, two youths from Cleveland enroute to St. Louis, were mistaken for strikers in the Minneapolis and St. Louis shops here and attacked by strike sympathizers last night. They were badly beaten. Police rescued them.

AMERICAN LEGION MAGAZINE ASKING WHO GOT THE MONEY

Begins Publication of Series of Articles on War Profiteering

CHICAGO, Sept. 2.—Under the name of "The American Legion Magazine" has begun publication of a series of articles based on allegations of war profiteering, beginning today. Exclusive of loans to the allies, the war cost the United States government something like \$19,000,000,000 of which about \$15,000,000,000 was expended in purchases of materials, the first article asserts.

Life and property, men and munitions won the war, the article says. It then tells of a lieutenant, worn out with fighting, who during his rest period back of the lines continued to make out reports, one of which failed to report loss of two rifles. The price of these rifles was deducted from his pay. The article declares that officers at the front sometimes were tempted to believe that the government regarded property as more valuable than lives. As further evidence of the strictness of the government as to property with its fighting men, the article cites the case of a youth, who after brave action in battle was sentenced to a year and a half in Fort Leavenworth prison for stealing a fifteen cent can of beans.

The treatment accorded these fighting men is compared to that given to men who furnished food. An instance is cited in which it is charged that several million cans of rotten food were sold to the government for \$3,600,000. The charges say further that despite the congressional report that this food was packed and known for sale to the army, the courts have been denied the opportunity of deciding the case.

The article asks whether equal justice was meted out to the soldiers and to the food sellers.

JUDGE FITZHENRY SCORES MAYOR AND CHIEF OF POLICE

Says Local Government in Beardstown is at Low Ebb

SPRINGFIELD, Ill., Sept. 2.—Eight striking Beardstown shopmen, found guilty today of violating the federal injunction against interfering with train operations, were on their way home tonight with orders to return Tuesday for sentence.

The eight men are: Walter Woods, Charles Smith, Allen Garrett, Harlan Hicks, James Cardwell, Frank Collins, G. E. Wardlow and Frank McKen. William Grimm, another defendant from Beardstown was found not guilty. Eleven men have been found guilty to date for violating the injunctions. Three are in jail here. In announcing his findings, Judge Fitzhenry scored the mayor and chief of police of Beardstown saying they had failed to do their duty to protect new employees of the C. & N. W. railroad when they arrived to take up the work of the striking shopmen. The judge said local government in Beardstown was at a low ebb.

Cases against defendants from Beardstown will be taken up Tuesday.

HOT WEATHER IN CHICAGO

CHICAGO, Sept. 2.—One dead and a score overcome was the toll from heat prostration today as the mercury soared to 97 degrees, a record for the summer. At the time the street thermometer was registering well over 100 degrees in the shade.

Besides being the hottest day of the summer it was the hottest September day in the history of the weather bureau with one exception, in 1913 when the mercury also registered 97. It was the second day of the present heat wave.

Cooler weather was promised for tomorrow.

Seattle, Wash.—Short period Bible classes often of 12 weeks' duration, each for the study of a specific topic were advocated by H. Lawrence Choate of Chicago who spoke before the thirty-seventh annual convention of the Episcopal Brotherhood of St. Andrew today. Continuous Bible classes based on a general study are haphazard and inefficient Mr. Choate declared.

London—Frederick W. Dickinson who for twenty years has been editor of Reuters, Ltd., one of Great Britain's news agencies, died today.

St. Louis—Fifty new locomotives involving an outlay of \$3,000,000 have been ordered by the Missouri Pacific railroad it was announced today and will be delivered before the early part of January. Forty-six of these engines will be used for freight traffic, the remainder for passenger service. All are to be of a huge type designed for heavy pulling.

Cleveland—Caught burglarizing a residence, one 15 year old boy was killed by police and another was captured tonight. The latter is said to have admitted to police that he and Davidson had robbed five other houses in the past week.

Miami, Fla.—A hearing for release on bond of Edgar C. Frady, Chicago, charged with the murder of his first wife last winter, on the ground because of ill health he will die before the date set for his hearing, January 3, if he is kept in jail, was set today for Monday morning.

Pittsburg, Kan.—Operators and miners of the Kansas field today ratified an agreement restricting to a minimum the use of dynamite in coal mining.

Oklahoma City, Okla.—The Sioux City club of the Western league will be moved to Lincoln, Neb., after Labor Day to finish out the season, Jack Holland, owner of the local Western team announced tonight he had been advised by A. R. Tierney, president of the league.

ILLINOIS CENTRAL ERECTS STOCKADES AROUND ITS SHOPS

Stockade Nine Feet High Surrounds Shops at Carbondale

CARBONDALE, Ill., Sept. 1.—A stockade nine feet high, has been built around the Illinois Central shops here for the protection of new employees, including 100 negroes, who have been hired to take the jobs vacated by striking shopmen. The structure is topped with two strands of barbed wire.

This action by the railroad was considered portentous in view of the fact that an estimated crowd of several thousand, including miners of Williamson and Jackson counties will gather here Labor day to participate in a holiday celebration.

William Atwell, division superintendent of the Illinois Central denied that the stockade was built primarily because of the Labor Day gathering. He said it was nothing more than is being done at three or four points on the Illinois Central line to protect workmen and property.

More than fifty special deputy sheriffs have been sworn in for duty at Carbondale, Monday Sheriff Davis said. In addition to these men Marshal James White, eastern district of Illinois, has informed Illinois Central officials that the number of deputy marshals on guard duty will be materially increased.

For the past week, it became known today, federal and local officers have been raiding alleged bootleg joints in Carbondale and nearby cities cleaning up the towns in preparation for the Labor Day event. It was said on good authority tonight that not a drop of "white mule" or "good beer" could be purchased within miles of Carbondale.

DEFRATES IS GIVEN JAIL SENTENCE

Proctor DeFrates appeared in the county court Saturday morning and entered a plea of guilty to the charge of selling liquor. He was given a sentence of thirty days in jail and a fine of \$200 and costs.

DeFrates was one of the men arrested following a number of raids made a week ago in various parts of the city and county. He is accused of selling liquor at his East Court street restaurant and at a pool room which he conducts in Alexander.

OVER GERMANY WAS READY FOR PEACE EARLY IN THE WAR

Commission so Finds in Investigation of Pope's Proposal

BERLIN, Sept. 2.—An earnest desire, which was conscientious on the part of the German government to examine the possibility of peace existed at the time of the papal intercession during the war and began in 1917, according to the finding of the reichstag sub-commission which has been investigating the steps taken by the pope to end hostilities.

The conclusion reached by the sub-commission was announced after an examination of documents and depositions made under oath by former Secretaries of State Von Kuhlman, Helfferich and Von Zimmermann, former Chancellor Michaelis, former Minister Rosen, Generals Von Haeferten and Von Bartenworf, Deputy Schiedemann and other witnesses.

The other findings of the sub-committee include: First—An offer of peace by England was not at hand in the summer of 1917.

Second—In consideration of the manifold difficulties and always questionable readiness to agree on the part of our former enemies the strong likelihood of peace was then not to be spoken of.

Third—The events of July and August in Germany and Austria-Hungary did not increase the inclination of the Western powers for peace, this disposition in fact not having been very strong before.

Fourth—The German government committed mistakes in the formal treatment of the pope's peace action.

Fifth—Apparently England and France in any case at the end of August, 1917, did not consider it in the interests, of the papal.

Sixth—The question of whether the pope's action was frustrated merely by delay in the German declaration desired the Curia regarding the evacuation of Belgium could not be affirmed on the basis of the document.

CLINTON MAY LOSE ILLINOIS CENTRAL SHOPS—MARKHAM

Intimates That Heavy Traffic Station May Be Abandoned

CLINTON, Ill., Sept. 2.—In his address to local business and professional men in his office here Saturday afternoon, President C. H. Markham of the Illinois Central railroad denied that the necessity for maintaining Clinton as a heavy repair station for engines and cars existed and intimated strongly that should there be further trouble in maintaining peace and quiet or should the present situation not be adjusted at once, plans might be laid for eliminating the necessity of carrying a larger force than could care for running repairs or equipment.

President Markham quoted statistics showing what Clinton had received from the Illinois Central during the past and deplored the fact that during the present trouble business representatives and other citizens did not use greater efforts to effect an amicable settlement.

Later it was stated by a prominent citizen present at the conference that a mass meeting probably would be launched to awaken the citizens to the seriousness of the situation.

TERM AT LUTHERAN SCHOOL TO OPEN SEPT. 5

The term at the Salem Lutheran school will begin Tuesday, Sept. 5. Miss Ada M. Scheele of Haven, Kan., has been employed as teacher and will enter upon her work here with the best of recommendations.

AUGUST OUTCLASSED JUNE IN MARRIAGES

June is commonly counted as the month of marriages, but was outclassed this year in Morgan county by the month of August. The record of the office of County Clerk Riggs shows that 34 marriage licenses were issued during August, while the number in June was 33.

GRAND JURY PROBING SLAYINGS AT HERRIN TAKES ADJOURNMENT

Result of First Week's Work is Indictment of One Man—Brundage Has Received Many Anonymous Letters—Say They Had Right to Kill Men Stealing Their Jobs

MARION, Ill., Sept. 1.—Concluding the first week of its work, the grand jury investigation in the Herrin massacre of June 22, resulting in the death of 22 men, adjourned today, not to reconvene until Tuesday morning.

The record for the first week of deliberations showed that one man has been indicted for murder, arrested and lodged in jail; testimony, much of it said to be important—has been recorded from about 150 witnesses, three men refused to testify and federal operatives have been set to watch a number of persons suspected of participation in the riot.

The first indictment was voted against Otis Clark, a miner of Goreville, Ill., for the murder of C. K. McDowell, mine foreman. His arrest followed the next day and he was lodged in jail. A move was made to obtain his release on bail but has not been carried to completion.

While all Williamson, Jackson and Franklin counties, from which the mob was reported to have gathered to attack the Lester strip mine, tonight were preparing for the big celebrations Labor Day, Clark remained in his cell in solitary confinement.

No hearing has been given the two men who still refuse to testify before the grand jury. They are James Taylor, a coal miner of Marion and Enoch Yates a taxi driver. Their cases according to Attorney General Brundage and State's Attorney Duty in charge of the Herrin riot prosecution will not be heard for some time.

The prediction that the grand jury will return a number of indictments for murder but that no petit jury will be found to vote conviction, is made in the scores of anonymous letters received by Mr. Brundage, Mr. Duty and assistant Attorney General C. W. Middlekauff, the latter announced.

Anonymous Letters

The general tone of the majority of letters Mr. Middlekauff quoted as follows: "If you see a man stealing your property you have a right to kill him. These non-union men were stealing the jobs of union miners. Therefore they have a right to kill them. You are here protecting thieves and you are no better than those thieves."

With the approach of Labor Day interest for the moment in Williamson, Jackson and Franklin counties centers in the holiday celebrations. There will be held at Carbondale, Ill., for the residents of Jackson and Williamson county and at Benton, Ill., for those of Franklin county.

But this year's Labor Day will not be as joyful as those of the past for the miners have just returned to work after a strike lasting 144 days and have not received a cent of pay since they went out. Their first check is due Sept. 15.

At Carbondale, the following towns will have delegations in the line of march: Carterville, Dewmains, Herrin, Cambria, Marion, Johnston City, Hurst, Bush and Murphysboro. The parade, led by floats and automobiles will march to Thompson Grove where the remainder of the day will be celebrated by athletic contests and speeches. Among the speakers will be W. J. Sneed, president of the Herrin sub-district of the United Mine Workers.

Practically the same program will be observed at Benton. Colonel Samuel N. Hunter and Major W. P. Greene of the Illinois guard will attend respectively the celebrations at Carbondale and Benton.

CONTINUE TO PICKET SHOPS

Moberly, Mo. Sept. 2.—Striking shopmen continued to picket the property of the Wabash railroad here today and were continuing their preparations for a general Labor Day celebration to be held Monday.

The federal injunction obtained yesterday apparently caused little concern among the strikers.

VETERAN ACTRESS LEAVES BED TO PLAY

New York, Sept. 2.—Refusing to break her record of playing in every night performance of The Bat, for two years and ten days, Miss Effie Ellsler, veteran actress, who was stricken on the stage last night overruled her physicians today and insisted on playing in the farewell appearance here tonight.

A THOUGHT

How long will ye love vanity,
And seek after falsehood?—Psalm 4-2.

In the dream of Nebuchadnezzar it was only the feet that were part of iron and part of clay; but many of us now are getting so cruel in our avarice that it seems as if, in us, the very heart of us were part of iron and part of clay—John Ruskin.

Pictures of the Williamson county jail show it as a very handsome structure. The wonder is that the citizens of that county ever thought it necessary to have a jail built.

Now wouldn't it be a joke on the coal operators if this hot weather were to continue a few weeks longer than normally happens.

No wonder that some of the miners in the Herrin field struck Friday. The employing company refused to allow them to park their cars on certain grounds that the company owns.

The Chicago Tribune is editorially urging President Harding not to veto the bonus bill which

the senate has just passed. If it should happen that the president does not use his veto power the Tribune as "the greatest newspaper in the world" will modestly voice the statement that it is responsible for the whole bonus legislation.

The financial troubles of the C. & A. were increased by the shop men's and coal strikes, but the basic trouble happened years ago. The Alton suffered from Garrison high financing.

Anyhow, nobody expected Mr. Commons to be favorably impressed with anything done by a Republican administration. It remains to be seen whether or not the government is still supreme in this country.

After all, isn't it in men's hearts that changes must come before the disputes between capital and labor are finally and fairly settled. The errors of capitalism are many and yet every sane man knows that communism would make conditions a thousand times worse. When the spirit of the golden rule prevails, then and then only will there be permanent peace in the industrial world. The errors of today do not belong altogether to either the employer or the employee.

Senator Underwood's proposal for a mixed commission to pass upon claims of American citizens against Germany has been knocked in the head. The President will go the appointing, and his appointment of Mr. Justice William R. Day of the U. S. Supreme Court, as head of the German Claims Commission is the Administration's answer to Senator Underwood.

Mr. Justice Day was appointed Assistant Secretary of State by President McKinley in 1897, and in 1898 he succeeded John Sherman as Secretary of State. He, in turn, was succeeded by John Hay, Mr. Day becoming Chairman of the U. S. Peace Commissioners at Paris at the close of the war with Spain. The splendid ability

Summer's Slipping

By Berton Braley

THE summer's almost gone again,
And fall is coming on again.
When we must really get upon the job;
When we must quit our pleasuring;
And start once more to treading
The work that keeps the busy world a-throb.

THE small boy thinks unpleasantly
Of school days coming presently;
He'd like to have vacation all the year.
Fall styles are in the stores again,
We'll soon read football scores again,
And apples on the menu will appear.

STRAW hats will soon be laid away,
And Palm Beach suits will fade away,
And oysters will gain be fit to eat.
Dramatic stars will flash again,
And college boys grow brash again,
And we won't be complaining of the heat.

THUS, after summer's lazy days,
We'll have the golden, hazy days
When we'll have lots of pep on which to call,
An back to work we turn again,
To earn the coal to burn again,
When winter comes along right after fall!

which he displayed in that role earned for him his elevation to the Supreme Court in 1899. His appointment to the German Claims Commission suggests a Shakespearean quotation with a slight inversion: "To thine own self be true, and it must follow as the Day the night, thou canst not then be false to any man," or any nation.

BUSINESS CHANGES ANNOUNCED SATURDAY

Furry & Sons Will Conduct Grocery in Miller Building on West State Street—George T. Douglas to Continue Business in New Location

Announcement was made Saturday that Furry & Sons have leased from Matthew Miller the West State store room in the Duncan building, which Mr. Miller recently purchased from Doctors Black and Cole. The room has for a number of years been under lease to George T. Douglas and the occupancy of Furry & Sons will become effective October 1. Mr. Douglas will continue in business in the north room of the building.

Early in the present year Furry & Sons purchased the Miller grocery store on the west side of the square and soon afterward the stock was moved to the Park Hotel building at the corner of North Main street and the public square. The business has developed in a very satisfactory way and the north side room does not afford sufficient space for expansion.

Mr. Douglas is not retiring from business but as has been true in recent months will specialize in delicatessen goods and at the same time will carry a line of fancy groceries. The Douglas store will be located in the north room of Mr. Miller's building with entrance on West Street opposite the court house. This is a room 30 by 30 in dimensions and will afford ample space for the business.

Mr. Furry and his sons had some years' experience in the grocery trade before entering upon their store in Jacksonville. They are tireless workers and as the quarters afforded in the Park Hotel building were not adequate they were glad of the opportunity for securing the larger room on West State street. An indication of the change is not to be effective until October 1.

WARNS AGAINST STOCK BUYING

Activity of Blue Sky Corporations Prompt's Secretary Emmerson to Issue Warning.

Springfield, Ill., Sept. 2.—A warning to investors to beware of buying stock of corporations about which they know nothing was sounded today by Secretary of State Louis L. Emmerson. His warning is prompted, he explained, by the unusual activity of blue sky corporations due to the fact that investment in securities is becoming more general in the last two or three years.

"The Securities Law which became effective July 1, 1913," he said, "is proving very successful in cleaning up blue sky operations in Illinois, but it cannot control the offering and sale of securities by corporations located outside of the State. A bill introduced by Representative Dennison of Illinois, is now pending in Congress to remedy this condition, but in the meantime a great deal of questionable paper is being floated in Illinois by use of the mails and advertising mediums of other states.

"As an instance, I might cite the case of a corporation which attempted to qualify for the sale of its stock in Illinois about two years ago. An investigation made by the Securities Department of my office showed that the promoters of the company had contracted to purchase an abandoned factory in Chicago at an inflated price and that the tangible property was of little value. The investigation convinced the department that the whole scheme was organized for the purpose of unloading worthless stock on the public and we refused to accept the corporation's statement for filing, thus barring the sale of its stock in Illinois. The Circuit Court of Sangamon county, after a full hearing, sustained our decision.

"The officers of the company then moved to New York, where they opened elaborate offices and began a national campaign to sell their stock. They sold a great deal of it. Recently these officers were indicted by a United States Grand Jury for using the mails to defraud, but the purchasers of the stock have no recourse. Their money is gone.

Department Investigates.
"Under the Illinois Securities Law, no company can sell in this State securities based on established or prospective income until it has filed with the Securities Department of the Secretary of State's office a sworn statement setting forth its property holdings and other facts which indicate its reliability. Before these statements are accepted and filed, the Securities Department makes an investigation of its own initiative.

If, after this investigation, the statements are accepted for filing, the company may sell its stock in Illinois. If they are not accepted the company is barred from doing business in this state.

"Any interested party has access to this information. The investor cannot be too strongly urged, however, to be on his guard in investing his money in companies which have been accepted under the Illinois Securities act. Every statement filed by the company and every copy forwarded by the Secretary of State in response to inquiries states specifically that neither the state of Illinois nor any officer of the State assumes any responsibility for any statement made by the company nor recommends any of the securities described by these statements.

Profiting Investors.
"There is some risk in buying any speculative enterprise, and most every enterprise is more or less speculative in its inception. Under the Securities Act, Secretary of State is permitted merely to satisfy himself that there is a fair chance for the corporation to succeed. We inquire carefully into the past records of the personnel of the corporation, into its property holdings and other assets. Whether or not the major portion of the money secured by the sale of the stock is to go into the furtherance of the project and, in the case of oil properties, what prospect there is that oil is located within the territory embraced by the company's holdings. Further than this we cannot go.

"The best course for the small investors is to advise with his banker before making an investment.

"Under the Illinois law, securities classified under Class A and B, may be sold without recourse to the Securities Department. These two classes include securities, the inherent qualities of which as to sale and disposition without fraud and conservative securities such as bank stock, etc., when disposed of by persons and in the manner provided by law. Securities classified under C and D cannot be sold except in accordance with the Securities Act. These include those based on established income or on prospective income.

"Before investing, the inexperienced investor should get the facts from some one other than the person selling the securities. When he is solicited he should secure the name of the salesman, the company he represents, and the nature and value of the securities offered. He can then discuss the investment with his banker or at least write to the Securities Department of the Secretary of State's office and ask whether or not the securities are being sold in accordance with the Securities Act."

WHITE HALL WOMAN DIES AT BELLEVILLE

Death of Miss Cecil Jones Came Very Suddenly at Hospital There. Funeral to be Held This Afternoon.

WHITE HALL, Sept. 2.—The remains of Miss Cecil Jones were brought from Belleville Friday, arriving over the Burlington at 10:35 a. m. and were taken to the home of her parents, Mr. and Mrs. Lewis P. Jones, on King street. The mother left Thursday morning for Belleville in response to intelligence that she was in a very serious condition in a hospital there, she dying at noon Thursday.

Deceased went to Belleville only a week before, and the suddenness of the news has enveloped the family in deepest sorrow. No particulars were available at this hour, the father stating that these would be available with the completion of the coroner's inquest. Her age was about 25 years. Funeral services will be held Sunday afternoon.

PROBATE COURT

In the probate court yesterday A. C. Rice was appointed administrator of the estate of Mrs. Julia R. Ramsdell. The petition was filed by J. S. Green, Sarah Green and Mrs. May Black, as relatives of Mrs. Black's deceased husband.

It set forth in the application that Mrs. Ramsdell owned two residence properties, some building lots and \$7,000 or more in bonds. The administrator filed bond in the sum of \$15,000, with Frank J. Heintz, and C. F. Leach as sureties.

In the estate of Miss Fannie Kirby, an order to sell personal property at private sale was allowed.

In the estate of Albert DeFries, the court approved the petition for the appointment of Ella Brooks as executrix.

Ezra Scott as administrator of the estate of Elizabeth Scott, was authorized to transfer certain bonds.

The report of Thomas Strickner as conservator of Leander Mason was approved.

The petition of Louisa Hawk for the appointment of George Hogan as guardian of Ruth, Nellie, Jesse and William Hawk was approved.

'The Rosary'

A Big Super-Special in Eight Reels

The old Rosary was a wonderful thing, the new Rosary will stir you with its greater wonder. A million hearts beat thru the tears of one, a million loves love thru the love of one.

If We Could Only Tell You—

- of the glorious love of one woman, the bitter love of another, the sacrificing love of a mother;
 - of the rush of action, of drama, the choke of emotion, the thrill of real thrills;
 - of the real people who reflect real humanity;
 - of the appeal that reaches out to place warm fingers on your heart!
- But We Can't! The Screen Alone Has That Power

Look at the Stars Who Made It—Lewis Stone, Jane Novak, Wallace Beery, Eugene Bessner, Dore Davidson, Pomeroy Cannon, Mildred June.

Truly, You'll Say: "Each Reel a Pearl!"

Mrs. Thomas Walsh

Produce Markets.

Cream deliveries during the week were lighter and prices are ruling higher for butterfats and butter. The tendency for further material advances at this time will probably be checked by withdrawals from storage stocks.

Receipts of fresh eggs are smaller, with good demand for fine stock. Heavier movements is noted from storage stocks to take care of the deficiency in fresh receipts. There is still a large surplus in storage to be disposed of.

Poultry movements is about normal for the season, and prices show but little change during the week.

Filled with Thrills—Loaded with Laughs

Monday, and Tuesday,

The Photoplay Novelty of the Age—A Super-Special Comedy-Drama, filled with intensely dramatic thrill and cream-provoking comedy. Don't fail to see

OWEN MOORE

assisted by Tom Wilson, the comedian; Togo Yamamoto, Pauline Gorden, and Nita Naldie, in

"Reported Missing"

Owen Moore's long motion picture career has included many successes but it is doubtful if he has ever before reached the heights he does in "Reported Missing." This is a picture which absolutely lives up to the slogan adopted for it, namely, "the greatest action picture ever made." Owen is the center of more amusing and thrilling scenes than it has ever before been his good fortune to take part in. In the laugh-producing moments of the picture he is ably assisted by the genial Tom Wilson, long a master of comedy who has acquired the fine art of inspiring enjoyment as few men have.

In addition to the comedy incidents in which Owen Moore figures, he is the principal in a number of thrilling scenes which the makers of serial thrillers may well envy. Some of

these shockers are the race between the Sea Sled Broadway Island and a hydroaeroplane. Moore is in the seaplane and the very villainous Oriental ship master is in the sea sled. The sled wins and upon reaching dry land the Chinaman makes use of an auto. Moore gives chase in another machine and is overtaking his rival when a child crosses his path. In an attempt to steer clear of the youngster Moore throws his machine over an embankment. Another incident which marks the of the real Buena Vista melodrama is the fight in the stronghold of the Oriental schemers. Here is a battle which is worth the price of admission alone. If you want laughter, romance and excitement don't fail to see "Reported Missing," the best comedy-drama photoplay yet made.

GREAT WALL OF CHINA CRUMBLING

PEKING.—(By the A. P.)—Recent visitors to the Great Wall of China which is accessible at Nankow, 40 miles from Peking, describe it as slowly crumbling. Many of the turrets which command the salient points as the Wall climbs over the mountain tops are in ruins and tourists and natives alike wrench the stone blocks from the super-structure to throw into the valleys below. Yet it is maintained that the great structure, extending from Shanhaikuan on the sea almost to the borders of Tibet, has many centuries to live, altho no efforts are made to preserve it. Construction of the Wall was begun 200 B. C., by Emperor Chih Huang Ti, a contemporary of Hannibal, who conceived this barrier to keep out the Tartars. At one time 700,000 criminals and prisoners of war were engaged in the work. The eastern part of the Wall, however, was not undertaken until the seventh century, when, it is said, 1,000,000 workers were employed.

ATTEND PICNIC OF JUSTICES AND CONSTABLES SATURDAY

Several local residents were in Camp Point Saturday to attend the picnic of justices of the peace and constables which was held there under the auspices of the Illinois association. Justice C. O. Bayha, Justice A. B. Opperman, Constables Harley Adams and David D. Johnson were among those who attended.

There were fully 1,000 persons in attendance at the picnic or which extensive preparations had been made. The state president George W. Carr of Maywood, Ill., was present and made a brief address as did Attorney Six and Senator Gray, both of whom are delegates to the convention. They explained in some detail the new law adopted by the convention. Another speaker of the day was Attorney Wagner of Quincy, who spoke in opposition to the convention program.

A ball game and various other interesting features had been provided for the entertainment of the throng, and the day was one which all will long remember.

Mr. Bayha said last night that corn is looking fine in Adams county and the prospect for a big crop is excellent. He was also struck by the large number of cow peas and soy beans grown in that section.

BIBLE CLASS OUTGROWS CAPACITY OF CHURCH

Roodhouse, Ill.—A Bible class is held on the public square of Roodhouse every Sunday morning because the Sunday school of the Christian church here has outgrown the capacity of the church.

Under the ministry of Rev. Ben Claire Crow, the thirty-three year old pastor of the Christian church, the church and its Sunday school have grown so rapidly in the last two years, that the men's Bible class has moved out doors, and the church is now in the midst of an improvement program costing \$10,000.

The men's Bible class started with three members, led by Rev. Mr. Crow, to whom the situation here then seemed very discouraging. Today it is one of the largest Sunday classes in this section.

He is survived by his mother, four grand parents and a host of other relatives.

Funeral services will be conducted at the home at 2 o'clock Monday in charge of Rev. A. P. Howells. The services will be private with only immediate relatives due to the illness of the mother. Burial will be in the East cemetery.

Rhodes.
William Robert Rhodes, infant son of Mr. and Mrs. William S. Rhodes died at the family home, 319 East Washington street Saturday afternoon. The child was born August 3, 1922. Funeral services will be held this afternoon at 3 o'clock from the residence in charge of the Rev. R. H. Hackley. Burial will be in Jacksonville cemetery.Forney.
The death of Miss Nettie Forney occurred at Passavant hospital at 8 o'clock Saturday morning following a stroke of paralysis, which occurred Friday. The decedent had for some time been making her home with her cousin, Mrs. Sam Darley of Franklin. About ten days ago Miss Forney was brought to the hospital for treatment of a fractured hip sustained while getting into bed. For some time she had been an invalid being afflicted with paralysis.

She was the daughter of Joseph and Jane Forney and was fifty years of age. Practically all her life was spent at Malls City, Neb. She is survived by one brother, Peter Forney of Merna, Neb., and a half-sister, Mrs. Frances Pearson, of Litchfield, Neb.

The remains were taken to the undertaking parlors of Williamson and Son and will be shipped Monday to Falls City, Neb., where interment will be made. Mrs. Sam Darley will accompany the body.

CHAMPIONSHIP TODAY

Semi-Finals and Finals of City Golf Championship for Municipal Golf Cup Scheduled for Today and Tomorrow—Four Evenly Matched Players Going Into Finals—Caddies' Tournament Tuesday.

The semi-finals and finals of the city golf championship for the Municipal golf cup will be played off today and tomorrow on the Nichols park course. Four very evenly matched players have gone down thru the series of hard matches and will compete in the finals.

C. Justus Wright will play today against Joe McGinnis and A. M. Masters will be matched against Leo Flood. The winner of this match will play Monday (Labor Day) and the final match will be 36 holes.

There were two matches Saturday. Felix Farrell, Sr., won from Fred Randall in the consolation tournament. Ted Beadles was defeated by Felix Farrell, Jr., father and son will play the match of today. Fritz Capps is still undefeated in the consolation and will be a strong contender for the prize.

By the elimination of Marcy Osborne, who has been twice city champion, thereby creating the surprise of this year's contest, the four players who are going into the finals have had to play better golf than has ever been seen on the local links before this year.

Joe McGinnis has gone thru defeating very superior players and he is now playing championship golf. This is also true of C. Justus Wright.

Leo Flood was the runner up last year and one of the steadiest and most consistent golfers playing the municipal course. A. M. Masters as a club swinger has been shooting championship golf the entire season.

The matches will be open to the public and everyone is cordially invited to witness them.

Next Tuesday the caddies are scheduled to have a tournament and will play for two prizes that are offered by the Municipal Golf club. The boys will play in two flights, Class A, and Class B, and the older players will carry the clubs and keep scores for the caddies.

Rogers Hornsby Has Cinched the Batting Honors In National

Is so Far in Front That His Rivals Have Little Chance of Catching Him—George Sisler and Ty Cobb Are Still Having Close Battle—Swatting Results in the Minor Leagues

CHICAGO, Sept. 2.—Rogers Hornsby, leading the National league in individual batting and home run hitting, today is so far in advance of his challengers that any bid they may make to overtake him will not seriously threaten his drive for the 1922 championship.

The St. Louis marvel, with the close of the season just five weeks away, today has a twenty-five point margin over his rivals and is batting stronger as the race draws to a close instead of going into a slump. In his last seven games, Hornsby whaled out thirteen hits, which shot his average up to .389. His string of thirty-two home runs is the best performance in the history of the National league.

Grimes of Chicago crowded Bigbee of Pittsburgh out of second place honors, going into the runnerup position with an average of .364, as a result of bagging eight hits in his last six games. Bigbee is batting .358, with Hollocher of Chicago fourth with .356. The averages include games of Wednesday.

Max Carey of Pittsburgh continues to be the class of the league in base stealing, having run his string up to thirty-eight.

The race between Cobb and Sisler in the American league is dragging along with very little change, as each is traveling at about the same pace. Sisler is out in front with an average of .413, while Cobb is trailing with .400.

The St. Louis star smashed out thirteen hits in his last seven games, and Cobb, playing in only six games, poked eleven. The pair is sticking with the .400 mark and give promise of finishing the season above this figure.

Sisler, who has been leading the base stealers almost all season increased his total to forty-two bases, his closest rival being his teammate Ken Williams, who is second with 33.

Tillie Walker and Ken Williams are tied for the home run honors, each having cracked out thirty-two. Walker smashed out a brace during the week, while Williams failed to increase his mark of a week ago. Babe Ruth also connected with a brace of four homers, and is only four behind the pair. With his twenty-eight round trip blows, Ruth's admirers are confident that he will overtake the pair before the wind up.

Other leading batters for 90 or more games: Speaker, Cleveland, 370; Heilmann, Detroit, 357; Schang, New York, 339; Tobin, St. Louis, 335; Ed Miller, Philadelphia, 333; Galloway, Philadelphia, 328; Williams, St. Louis, 325; Bassler, Detroit, 325.

After trailing in second place for a week, Myatt of Milwaukee today is back at the top of the heap in the race for batting honors of the American Association with an average of .376. This is ten points ahead of Wilbur Good of Kansas City, who led a week ago, and Kay Kirke of Louisville, who are tied for second place, with .367. The averages include games of Wednesday.

With the close of the season a month away, Runny Brief of Kansas City is in line to carry off the home run championship. He is leading the race with twenty-eight, while Becker, also of Kansas City, is next with twenty-three. Baird of Indianapolis jumped into the lead in base stealing with twenty-three. Lamar of Toledo is second with twenty-one.

Other leading batters for ninety or more games: Berger, Wichita, 366; Metz, Sioux City, 365; Lelivelt, Tulsa, 365; Bennett, Tulsa, 364; Fisher, St. Joseph, 359; Stuart, Tulsa, 365; Grantham, Omaha, 351.

ST. LOUIS GAINED HALF GAME ON YANKS

Browns Defeated Detroit 5 to 4; Winning Run Coming in the Eighth Inning—Cobb Was Put Out of the Game for Disputing a Decision.

Detroit, Mich., Sept. 2.—St. Louis climbed a half game closer to first place today by defeating Detroit 5 to 4 while the Yankees were breaking even in a double header with Philadelphia. The winning run came in the eighth inning on Foster's double. Sisler's single and McManus' sacrifice fly. It was his thirtieth consecutive game in which Sisler has hit safely. Cobb was put out of the game in the third inning for a dispute with Umpire Guthrie.

Western League
With an average of .388—a lead of fourteen points—Carl East, the Wichita outfielder, is setting a hotter pace for his batting rivals as the clubs enter the final dash of the Western league pennant race. Judging from his recent performances, East is in no danger of being nosed out of the 1922 championship.

In the last eight games, East connected with fifteen hits, including a pair of homers, which sent him into a tie with Davis of Tulsa for hitting honors that made Babe Ruth famous. East and Davis have twenty-seven homers to their credit, while Lamb of Tulsa is next with twenty-six. Manush of Omaha went into a tie with Elsh of Sioux City in the batting race, each with an average of .374. Manush, in his last six games, hit safely thirteen times, while Elsh got ten in seven games. Elsh, however, is maintaining his stride in base stealing, remaining in a tie with Henningway of Sioux City with forty-six thefts. The averages include games of Tuesday.

Other leading batters for ninety or more games: Berger, Wichita, 366; Metz, Sioux City, 365; Lelivelt, Tulsa, 365; Bennett, Tulsa, 364; Fisher, St. Joseph, 359; Stuart, Tulsa, 365; Grantham, Omaha, 351.

PLAYS BALL AS DEVOTEE OF DIAMOND

It isn't so much to win the spectators' plaudits that big Tom Phillips of the Washington Americans' pitching staff plays ball for all his worth. It's rather from pride in excelling in a sport which he loves for itself.

When Tom doesn't finish the season big, they say of him in Philadelphia, Pa., whence he came, "It won't be because he hasn't tried with all his honest-to-goodness might."

When Tom was only 7 years old his father took him into the mines that he might become familiar with the inky darkness there, thus early overcoming the terror which seizes most beginners at such work.

When not at work the boy played ball. His prowess as a pitcher was recognized very soon. His services were much in demand, and the money he received for work which to him was a pleasure doubtless encouraged him to try for bigger prizes.

He entered professional ball with the Harrisburg Tri-State League team. He was with Wilkes-Barre in 1915 and with the St. Louis Browns the next year. Also he was with Mack's Philadelphia Athletics, and for awhile with Cleveland. In the Southern League he was with Little Rock for a period and, during 1920 and 1921, with New Orleans. It was at this time that his pitching attracted national attention and brought him his contract with the Washington Americans in 1922.

Recruit Pitcher Won for Cleveland

Held Chicago to Four Hits, Allowing Only Two Men to Reach Second Base—Joe Woods Piled Two Singles and a Double.

CLEVELAND, O., Sept. 2.—The pitching of recruit John Boone who allowed only four hits and permitted only two White Sox batters to get to second base, featured Cleveland's 2 to 0 victory over Chicago. Leverette also hurled good ball. Joe Woods made two singles and a double, being the only Indian to hit Leverette hard.

Philadelpha and New York Split Even

PHILADELPHIA, Sept. 2.—Brilliant pitching by Bob Hasty enabled Philadelphia to get an even break with New York today. The Yankees won the first game 11 to 6 and lost the second 6 to 0.

New York batted Naylor from the mound in the second inning of the first game and hit Heimach hard in the fourth and ninth. Jones who succeeded Mays had a homer with one on in the ninth.

In the second game Tillie Walker hit his third home run off Shawkey in the second inning.

Philadelpha and New York Split Even

PHILADELPHIA, Sept. 2.—Brilliant pitching by Bob Hasty enabled Philadelphia to get an even break with New York today. The Yankees won the first game 11 to 6 and lost the second 6 to 0.

New York batted Naylor from the mound in the second inning of the first game and hit Heimach hard in the fourth and ninth. Jones who succeeded Mays had a homer with one on in the ninth.

In the second game Tillie Walker hit his third home run off Shawkey in the second inning.

MURRAYVILLE TO PLAY TWO GAMES

Indees to Meet Ancient Rivals Today and Monday—Fanning and Fryman to Battle Today.

Fans are looking forward with interest to the two games between Murrayville and the Indees at South Side park today and tomorrow.

The teams have played five games so far. Three have been Murrayville victories while two have gone to the Indees. In the last game at Murrayville the Indees lost by a score of 1 to 0, Fanning holding them to no hits.

In the game this afternoon Ira Fanning and Fryman will oppose each other. Fryman held the Murrayville team to four hits in the last game and has so far been very effective against them. The pitching he displayed in the 1 to 0 game would have won most games.

It is not known who will pitch for either team Monday as neither Smith of the Indees nor Rousey of the Murrayville team has announced the hurler. Both teams are in fine form and the two games will no doubt be witnessed by large crowds.

Winchester has out bills announcing a game with the Indees at Winchester for Monday. This is in error. Winchester tried to arrange games with Manager Smith but they were unable to agree on terms. It is understood that the Dokays team will be Winchester's opponents Monday.

The probable line up of the teams is given:
Murrayville—W. Wright, ss.; Loneragan, 1b.; Ruble, 2b.; Kitzner, 3b.; J. Wright, lf.; Jones, c.; Rousey, rf.; Doyle, c.; I. Fanning; C. Doyle, utility.

Indees—Denney, ss.; Wheeler, rf.; Kohloft, 2b.; Clark, c.; Cox, 1b.; Cristopher, lf.; DeFrates, 3b.; Hamm, cf.; Fryman, p.; R. Zell, p.; J. Zell, utility.

MONMOUTH EXPECTS FAST FOOTBALL TEAM

Review of That City Tells of Prospects for Coming Season—Frank Phillips Dean of Men is Director of Athletics.

Followers of local athletics will be interested in the article from the Monmouth Review published hereunder, relative to football prospects at Monmouth College.

Frank Phillips formerly of this city and star on the Illinois College team under Coach W. T. Harmon, is dean of men and director of athletics at Monmouth college this year. Judging from the article Monmouth's team will be a formidable for this season. Illinois college plays Monmouth there November 4.

"That the devised athletic policy of Monmouth college will be a big success is being conclusively shown each day from the number of high class athletes who are seeking admission to the local school, from the work being done throughout the country by the alumni, and the fact that actual work has been started on the new athletic field and that plans about completed and approved for the new gymnasium.

"Dean Frank W. Phillips, director of athletics, will have as his head coach, Glenn Smith, one of the greatest football stars Monmouth college ever had. Coach Smith will be on hand a few days before the opening of school, Sept. 13, and will issue his first call for candidates at the first assembly.

Forty Candidates for Team

Already forty candidates for the first team are assured, and at least fifteen more can be expected after the entire student body has assembled and the call for football men is issued. Among the forty men listed are some all-conference men from Colorado, a number of high class high school men from several Illinois cities and twelve of last year's "M" men. With this as a nucleus, Coach Smith should develop a team which should make a good record.

"Letter men who will be back in the fold this year are Ned Scott tackle and last year's captain; T. Wallace, tackle; "Cubby" Bear, end; L. and R. Hofstetter, guard and end; Lev. Wallace, guard; K. Wells, tackle; Glanville, backfield; Overton, end; Claycomb, quarterback; Ertmer, backfield; and Berry, center.

"Besides these, Coach Smith will have Davis, Clark, Galloway, Loucks and John Wells, who were on the second string last fall and who showed up well. Seven of last year's high school team will enter college next month and will be out for the team. They are Strand, Worship, Walters, Lewis, Deen Berner and Masterson. All of these are classed as real high school players and should develop into good college material. Other high school players of former days who are to enter college this term are Clifford Smith, who graduated from the high school in 1920 and a star player; Forrest Bunker, who graduated in 1919; and Frank Themanson of the 1919 team.

"Out of town material whom Coach Smith and Director Phillips are placing some hope on are Irvin Douglas of Ames, Ia.; Herman Taylor, of Lexington; Frank Purlee, of Alexandria; Herace Axline of Bryant, a brother of "Bill" Axline; Steve Guzak of Marissa; Alexander Grabsky, Walter Monty, Frank Gorom and Finley Brown, all of Loveland, Colo.; James Sanderson of Stronghurst;

three men from Washington, Ia.; and two from St. Augustine.

Five From Colorado
"In Guzak, Grabsky, Monty, Gorom and Brown, the college gets five real athletes. Guzak is a big husky who can be used either in the line or backfield, and has had a lot of football experience. Grabsky is a 170 pound half back with lots of experience, while Monty was an all-western conference high school quarterback last year. He is also a track man of no mean ability his specialty being the quarter and half mile races, doing the latter in 2.07.

"Gorom is said by those who have seen him to be a world beater. He was all-conference full-back last year and is also a dash runner of considerable ability. Brown was all-western conference end last fall, and holds the western conference record for the five yard throw. "Bill" Reed and Paul Ferguson, alumni of Monmouth are responsible for the coming of the four Colorado boys."

Schedule Complete
The schedule for the coming football season has been completed and was announced today by Director of Athletics Phillips. It is as follows:

Oct. 7—Iowa Wesleyan, here.
Oct. 14—Eureka, there.
Oct. 21—Augustana, there.
Oct. 28—Carthage, here.
Nov. 4—Illinois College, here.
Nov. 11—Open.
Nov. 18—Northwestern University, there.
Nov. 24—Lombard, here.
Nov. 30—Knox, here.

NEW C. & A. FOREMAN AT ROODHOUSE

The appointment of Jesse Siegfried as road foreman of engines for the Roodhouse district of the Chicago & Alton was announced yesterday. He succeeds W. D. Carr, whose resignation was recently announced, to resume his former post of fireman. Mr. Siegfried will have headquarters at Roodhouse and his jurisdiction will be over the line, Roodhouse to Booth, Mo.; Roodhouse to Bloomington; Roodhouse to Godfrey; the Air Line, Iles to Murrayville; and the Eldred branch. He is a well known former engineer of the Alton, who resigned three years ago, to engage in the automobile business in Bloomington.

AT WESTMINSTER TODAY
Mr. George Gunn, baritone, who has been on the chautauqua circuit for two months, will sing at both services at Westminster church today.

Mrs. A. J. Reif and son have returned from Decatur where they visited her father, Thomas McGowan.

Young Pitchers Work Outstanding Features of Baseball Season

By BILLY EVANS
This has been a great season for young pitchers in the major leagues.

Never before in the game's history has there been so much promising material among the recruits. Practically every major club has one or more twirlers who have proved their ability to go the route.

The excellent showing made by the Detroit club thus far has largely been due to the young pitchers' good work.

Pilette has been a pitching ace for the Tigers, and Gleason and Stoner have contributed a number of good games.

The fine showing by Leverette of the Chicago White Sox, a pitcher scarcely considered in the spring dope, has been a great aid to Comiskey's team.

In addition to Leverette, Gleason has uncovered a real star in Charley Robertson, who early in

umpires in the game in which Robertson worked his famous no-hit game in which not a man reached first. That was a most remarkable performance, since it was made against the Detroit Tigers, the hardest hitting team in baseball. In addition it was only Robertson's second start as a big leaguer.

However, what I regard as one of the most remarkable bits of pitching I ever have seen was turned in recently by a green rookie and once again the Detroit club was the victim, even tho it finally won.

Sprang His Surprise.
It was in the first game of a double header on July 3 between Chicago and Detroit. Schupp started for Chicago. The Tigers made five runs in the first two innings. It was then that Gleason sprang his surprise.

A tall, rangy chap of the name of Blankenship was sent to the mound. The day before he had worked an inning against

Robertson, from the season's very start, won a place as a regular and has been doing consistently good work. It is seldom that a club uncovers in one year two pitchers as capable as Robertson and Leverette.

It is the same with practically every club in the majors. The Chicago Cubs have two valuable youngsters in Cheever and Albridge. Cincinnati has Pete Donahue and Johnny Couch, who once had a chance in the American League with Detroit.

Looks for More.
During the present season I have seen already a number of remarkable performances by the recruit pitchers in the American League. I expect to see a number more before the close of the year.

AURELIUS VOSSERLER BACK FROM LONG NAVAL CRUISE
Mrs. J. O. Vosseller and son, Jimmie, returned Saturday morning from Wequetonsing, Mich., where they were for two months the guests of Mrs. William T. Capps and family.

Mrs. Vosseller's oldest son, Midshipman Aurelius B. Vosseller returned Saturday morning on a month's furlough from the U. S. naval academy. He, with other midshipmen, returned last Thursday to the naval academy, at Annapolis, from their annual cruise which this time took them to the West Indies, thence to Halifax, Nova Scotia, after which they spent a while in the southern navy drill grounds. The fleet consisted of four vessels, Midshipman Vosseller being attached to the Flagship Florida.

The visit to Halifax was marked by enthusiastic cordiality and courtesy on the part of the Canadians. Midshipman Vosseller has had very interesting experiences on this cruise and various photographs and souvenirs were secured which will have added value as the years go by.

Included in this collection are photographs of an asphalt lake in Trinidad, the source of the asphalt that is used on the street pavements of Jacksonville. Specimens of the asphalt were also secured.

Midshipman Vosseller's many friends in Jacksonville will be glad to know that he is to be at his home here for a few weeks.

Beaned By Fast Ball

KAMM

Willie Kamm, the sensational San Francisco third sacker for whom the White Sox recently gave two players and \$100,000 was beamed on Aug. 10 by a fast ball while playing against Salt Lake City.

Pitcher Elmer Meyers threw a fast one and Kamm at bat, caught it just back of the left ear.

He fell flat on his face, unconscious, and was carried from the field.

The lump the ball raised can be seen plainly in the photograph which was taken the day after the mishap. Kamm had, by that time, been pronounced out of danger. He was also out of the game for several days. However, he seems to have suffered no permanent bad effects.

The White Sox carry a \$200,000 policy on him.

A Triumph for Value

IN the past two months Firestone has built and marketed more tires than in any similar period in its history.

This steadily increasing public preference is proof of the recognition by car owners of the greater values offered by Firestone. It is a tribute to Firestone men—all stockholders in the company—all actuated by the operating principle of Most Miles per Dollar.

The high average performance of Firestone Cords is without equal in the annals of tire making and is reflected by the general tendency to specify Firestone for hard service. Taxicab and bus lines, buying tires by the mile, are universally equipping with Firestone Cords.

There are many reasons for the high quality of Firestone tires but chief among the special manufacturing processes are double gum-dipping, thus eliminating internal friction by insulating each cord strand, and air-bag cure, insuring a well-balanced and perfectly shaped product.

Don't speculate in tires—you will find the right combination of price and quality in Firestone. Come in and let us tell you about the service these Cords are giving other car-owners whom you know.

The Big News of the Day in Shoes

There has been a turn for the better in shoes. It got so bad that a low price seemed to be everything. Lots of people welcomed low prices and bought cheap shoes.

But they are through now.

People have gone back to Good Shoes, Real Shoes—and that's where Walk-Over comes in, and, oh the difference between a cheap shoe at a low price and a Walk-Over at the right price.

ALL BABIES AT THE FAIR WIN PRIZES

Ayers National Bank Announces Cash Deposits For 196 Contestants—\$5 for Each Child Given An Award in the Scoring Contest and \$1 Each For All Others.

The Ayers National bank has manifested its interest in the recent successful Better Babies conference of the Morgan county fair and in the whole big problem of better babies by the giving of generous \$5 cash prizes to the babies who won awards in the scoring contests and \$1 cash prizes to all the other babies enrolled for the contest who were scored. By this plan all of the one hundred and ninety-six children scored are given cash prizes.

These prizes are in the form of savings accounts. The parents of each baby awarded a prize will find in the savings department of the bank \$5 deposited to the account of the child, and a pass book in his or her name for delivery to the parents.

The parents of every other child scored will have \$1 deposited to the child's account and a pass book ready for delivery.

The management of the bank has secured from Dr. Brokaw, who was in charge of the conference, the correct list of babies scored and the prizes awarded.

The pass books will be ready for delivery next Thursday, Sept. 7, and the parents of the babies will find these books in the "Baby Savings Department" of the bank. In this way the management of the Ayers National bank seeks to show its interest in the movement which the baby conference purposes—healthier and stronger citizens in the years to come.

Those who arranged the recent conference at the Morgan County Fair were careful to explain from time to time that it was not a "baby show" but just as the name implied, a conference where babies were to be brought for scoring in accordance with standard formulas. The thought was that parents might become apprised of any facts about their children needing special notice in order to insure the best physical development in the later years of the lives of these children.

The Ayers National Bank has taken recognition of the underlying purpose of the conference and is seeking by this plan of cash prize deposits, not only to express the real interest of the Baby Savings Department in the conference plan, but also to encourage the growth of thrift habits along with desired physical development.

It is not too much to expect that these cash deposit prizes for the conference will emphasize for the parents the value of saving and the desirability of putting aside money from time to time to use for the education of their boys and girls.

MATRIMONY

Kehl-Guthrie.
The marriage of Harry R. Kehl of Woodson and Miss Susie Guthrie of Mexico, Mo., was solemnized in this city at about 8 o'clock Saturday evening, Rev. A. P. Howells, pastor of the First Baptist church, performing the ceremony at his home.

The young people drove to the city from Woodson, accompanied by Mr. and Mrs. Frank Kehl, parents of the groom, who were the only witnesses to the ceremony. The bride is a daughter of Mr. and Mrs. F. C. Guthrie and is well and favorably known in her home community. Mr. Kehl belongs to a family prominent in the Woodson neighborhood, and he and his bride are to make their home there for the present. Their friends unite in best wishes.

The marriage of Mrs. Lucy Carter and John Louis Northrup, both of Meredosia, took place in this city Saturday morning, Justice W. T. Dyer officiating at his office on West State street. The ceremony was witnessed by Ted J. Tyrrell and L. Goheen.

The groom is a farmer in the Meredosia neighborhood, and he and his bride are to make their home on a farm there.

Quinn-Furnice
Joseph C. Quinn and Mrs. Gertrude M. Furnice, both of Rushville, were united in marriage in this city yesterday. The ceremony was performed by Rev. D. V. Gowdy, formerly pastor of Centenary church here and now pastor of the Virginia M. E. church. Witnesses to the ceremony were Mrs. Gowdy and Mrs. Eveanna Powell.

Green-Todden
Miss Beatrice M. Todden and George Green, both of this city, will be united in marriage at 1:30 o'clock this afternoon at the home of the bride's parents, Mr. and Mrs. Thomas Sturgis, 843 North Prairie street. The young people will be attended by Miss Sybil Smith and Fred Green, the latter a brother of the groom.

The members of the immediate families of the bride and groom will be the only ones present at the wedding. Following the ceremony there will be an informal reception, and the newly-weds will leave late in the afternoon for a brief wedding trip. Following their return to the city they will be at home at 706 West North street.

Miss Todden has spent the greater part of her life in this city. For the past several years she has been an employee of the Rabjohns & Reid store, and is popular among a large number of friends.

Mr. Green is a son of Mrs. Kate Green of 511 Sandusky street. He graduated from the local high school and later entered the employ of the Caldwell Engineering Company of this city. Both of these young people have hosts of friends to wish them happiness in their wedded life.

STATE HOSPITAL TO OBSERVE LABOR DAY

Program Varied From Former Years—Employees to Stage Contests For Entertainment of Patients.

Dr. E. L. Hill, managing officer of Jacksonville State hospital and his associates have arranged for a Labor Day program to take place Monday afternoon.

The arrangements for this observance show a deviation from the usual custom. In the past for the most part the programs have been made up of contests between patients. This year most of the contests will be between employees of the hospital for the entertainment of the patients.

Prizes are to be awarded to the winners of each event and they are of sufficient value to warrant interest in all the events of the afternoon. Music is to be furnished by the hospital band.

The program of events which will begin at 1:15 o'clock and conclude with a baseball game, is as follows:

1:15 P. M.—Team harnessing contest by employees—free for all
1:25—100 yard dash for outside employees; 100 yard dash by attendants. (Winners of each race to compete later for 1st prize.)

1:35 P. M.—Bed making contest between employees—male and female.

1:45—Bed making contest between male and female supervisors.

1:55 P. M.—Shaving contest between industrial department and attendants.

2:05 P. M.—Dining room service contest by employees.

2:15—Apple peeling contest by domestic employees.

2:25 P. M.—Horse shoe pitching contest between farm and industrial patients and employees.

2:35 P. M.—Jumping Jack Contest by vocational training department employees against occupational therapy department employees.

2:45—Tug of War contest between industrial employees and attendants.

2:50 P. M.—Sandwich making contest by physicians wives.

2:55 P. M.—Ladies nail driving contest—free for all.

3:00 P. M.—Baseball between outside employees and inside employees.

MISS LILLIAN DAVIS TO WED ST. LOUIS MAN

Popular Jacksonville Young Woman Will Be Bride of Mr. Nelson M. Coddling—Wedding in October.

Announcement was made Saturday afternoon of the engagement of Miss Lillian Davis of Jacksonville to Mr. Nelson M. Coddling of St. Louis. It is understood that the marriage is to be solemnized in Jacksonville early in October at the home of Miss Davis' mother, Mrs. J. R. Davis, 252 Webster avenue.

This very interesting bit of social news was made known at a tea given by Mrs. Paul Samuel Saturday afternoon at her home, 1152 West State street. A limited number of the more intimate friends of Miss Davis were the guests at this informal party, the company including Mrs. A. R. Gregory, Mrs. C. M. Bell, Mrs. Alpha B. Applebee, Mrs. George Orear, Mrs. Garm Norbury, Mrs. R. Y. Rowe, Mrs. J. R. Davis, Miss Esther Davis.

Just before the refreshments were to be served, Rowe Samuel, little son of the hostess, appeared bearing a beautiful basket filled with miniature corsage bouquets which he distributed to the guests. The one given Miss Davis was in the form of a bridal bouquet.

The members of the company were not long in discovering the cards attached to the bouquets, giving the names of Miss Davis and Mr. Coddling. The secret had been well kept and the announcement made in this pretty way came as an entire surprise.

Miss Davis, whose home has always been in Jacksonville has an individual charm which has meant enduring popularity. Not content with mere social life, in the war time Miss Davis became associated with the National Y.W.C.A., and subsequently she was in settlement work in New York City and St. Louis. More recently Miss Davis has been a government rehabilitation work for disabled soldiers, a field of endeavor for which she is especially qualified by experience and spirit.

Mr. Coddling is a member of a prominent Sedalia, Mo., family but has been resident in St. Louis for several years, where he is identified with the bond department of the Liberty Central Trust Company.

RALPH HENDERSON AMERICAN WAYFARER TELLS ABOUT LAHUS

Describes Hitherto Little Known Tribe—
Live Mostly in the Chinese Province of
Yunnan Bordering Burma on the North-
east—Make Their Own Powder and Shot

(By The Associated Press)

LANGOON.—The Lahus are one of the hitherto little-known tribes described by Ralph Henderson, an American wayfarer, whose travel pictures have been appearing in the Rangoon Gazette. These sturdy, yet sociable, people live mostly in the Chinese province of Yunnan, a wild country bordering on the northeast frontier of Burma. Referring to their life and customs, Mr. Henderson writes: "We met more Lahus than any other tribesmen, I think. This is the tribe's name for itself, and means the 'tiger-people' race. The tribe is a big one and spills across into Yunnan, or rather, spills from Yunnan into Burma, since they originally came from China. The Lahus live by agriculture, the men doing a little hunting on the side when they can get hold of a gun that shoots forward, instead of backward or in all directions at once. Every hill man who considers himself of any importance at all must have his gun. There is a factory in Kengtung where muzzle-loading guns are manufactured. A few carpenters and blacksmiths sit beneath a big banyan tree and make them. When a gun is made, some bold workman fires it to see if it will go off. If it does, it is sold at once.

"But not all hill men are so fortunate as to be able to secure a gun. Many of these 'Isantum' guns, any of them, therefore, make their own. Then they make their own powder and shot, and when all is finished, have the confidence or temerity to go on with their creation. I tried a repeating shotgun up here, and it is not surprising that they regarded it with an eye that amounted almost to reverence. A friend of mine carried an old revolver. He had had three dollars for it in America, and, since that time, the handle had become broken. He offered the equivalent of \$65 for it, broken handle and all, by a friendly robber chief.

"The Lahus have a formal and personal way of making love. The young men build a fire, and maidens another, these fires thin a stone's toss of each other. Then each group sits out its own fire, and the courtship begins. The groups sing songs to each other in turn. This may continue for hours. Then at last comes a song saying that the time has come for parting, and that the two groups rise and about their fires and come together for a moment. In this moment, a youth may exchange a shawl with the lady of his art. These exchanged turbans are worn for several days, and the whole proceeding serves the same purpose as our engagement and engagement ring. If either party regrets the compact, he or she may demand a return of turbans, and there's an end to everything, otherwise, marriage follows.

"Have Large Families. "Lahus commonly have large families, and, to save a great deal of mental effort on the part of the parents in devising names for their progeny, they employ an ingenious scheme—a kind of calendar of names. They have a list of 12 days in their week: tiger day, pig day, rat day, tiger day, ass day, death day, crocodile day, sheep day, pony day, chicken day and house day. A child born on tiger day is called 'Master Tiger' or 'Dog'; on rat day, 'Master Rat' or 'Miss Sheep.'

"The child whom its parents expect to be the last may likewise be called Master or Miss Last. It must be annoying to the inventors of the system that there is at least a modicum of uncertainty in bestowing the name of Master or Miss Last on a child. The future cannot be surely foretold, and consequently it is not uncommon to find in a family two, or even three children bearing the name Last."

BABSON OPTIMISTIC Not Disturbed by Radical Talk

WELLESLEY HILLS, Mass., Sept. 2.—With so much talk about Bolshevism and radicalism one is led to believe that the world is rapidly becoming socialistic. Certainly such thoughts are evident when one reads about Russia, Mexico, and other countries. Roger W. Babson, however, claims that this is not true. His exact statement in an exclusive interview this week upon this subject is as follows:

"Socialism, as a party movement, is almost dead, so far as the states are concerned. It has never been at home here. It is exotic. It does not fit United States conditions and it has no great hold upon the workers of this country. The socialist leaders know this better than we do. They are ready now to combine with other people—workers, farmers, anybody who will go into the combine. Previously, they have been unwilling to hobnob with anybody except those who were willing to take the party name and party pledges. Moreover, there is a distinct tendency on the part of organized labor to rid itself of the incubus of socialism. The battle has been fought out as far as the American Federation of Labor is concerned. It has been fought out in the women's garment industry. It will be fought out wherever it is necessary and the conservative will win.

"There remains the farmer group—the farm bloc, as it is called. This fall will probably show more of the results of the revolt of the farmer states against the conservatism of the present administration. This revolt was inevitable. Our last election was a post war reaction and the tremendous Republican majorities had to come. The results of the farmer revolt, however, probably will not justify the enthusiasm which it has called forth. After senators and congressmen have been elected to represent the farmers, most of them will continue to act always as senators and congressmen and not as farmers. The farmers will be disappointed. They will turn away from their radicalism to other quarters.

"We have reached the extreme both of radicalism and conservatism. We are headed for a middle of the road course, we must get busy and saw wood! The man who is busy laying brick is not going to listen to the call of the man who wants to interest him in 'isms,' of any kind. The man on the wall is going to say to the agitator: 'I am doing real work and I cannot come down to you.'

"Nevertheless, we are probably going to have more of some things that a good many of us do not like. We are probably going to have more of government interference in the mines, instead of less; and more government interference in the railroads instead of less; and all government will be in that direction. But we are not drifting that way on account of the theories of agitators.

"We are drifting that way because of the necessities of the present conditions. President Harding will see to it that railroads run and that coal is mined, not because he is socialistic, but because the country must have trains and coal. That is all there is to it.

LIFELONG RESIDENT OF COUNTY IS DEAD

Mrs. William Henderson Passed Away at Age of 78 Years—Funeral to Be Held Monday Afternoon.

The death of Mrs. William A. Henderson, a life long resident of the county, came at 8:30 o'clock Saturday morning at the family home, 816 West Lafayette, after a long illness. She had been ill for the past two weeks, and her condition was such that her death was not unexpected.

Mrs. Henderson was born in Morgan county, Aug. 5, 1844, and was seventy-eight years of age at the time of her death. Prior to her marriage she was Miss Elizabeth Smith, a daughter of Mr. and Mrs. Peter Smith, pioneer residents of the county.

On August 24, 1871, she was united in marriage to William Henderson and their home was for many years in the Grace Chapel neighborhood northwest of the city. They were the parents of three children, all of whom preceded their parents in death. They took into their home as their own child Jennie Fuller, who afterwards became Mrs. Arthur Moss.

Ten years ago the family removed to this city, which has since continued to be their home. Mrs. Henderson's death occurred three years ago.

Mrs. Henderson was a member of the Indian Creek Primitive Baptist church and ever lived a consistent Christian life.

The funeral will be held at 2 o'clock Monday afternoon from the residence, with interment in the Moss cemetery.

GENERAL WOOD'S WORK IN PHILIPPINES PRAISED IN TIMES

Manilla Correspondent of London Paper Tells of His Achievements as Chairman of Special Mission—Says His Influence is Felt Soon After His Arrival in the Islands

(By The Associated Press)

LONDON.—The London Times has printed a dispatch from its Manila correspondent reviewing the achievements of General Leonard Wood as chairman of the special mission which President Harding sent to the Philippines. "Only the courage, patience, ability, forceful persuasiveness and untarnished prestige of an administrator like the great American soldier-statesman," the dispatch says, "can unravel the Philippine tangle and guide the Filipino people along the paths of true progress to prosperity and political security."

"Within a very short time after General Wood's arrival in the islands," the correspondent continues, "the influence of his forceful, magnetic and singularly human personality began to be felt with tonic effect. All Americans and foreigners and many Filipinos had become seriously alarmed and discouraged by the economic collapse which threatened the islands. The outstanding achievements of General Wood's administration have been the rehabilitation of the currency system and the downward revision of the budget, whereby nearly 20,000,000 pesos (normally \$10,000,000) was saved to the treasury, and the dispersal of a strongly entrenched political oligarchy."

"Wood cleansed the judiciary and expedited the work of the courts," the writer says, "and established efficiency in the civil service. He made a searching investigation into the conduct of the San Lazaro Asylum and the Cullion Leprosy Colony, resulting in comprehensive measures for the eventual eradication of leprosy from the islands. Through his initiative liberal and sympathetic support has been given to the advancement of science, particularly in those branches bearing on sanitation and hygiene, and upon agriculture."

The correspondent then says the establishment of the Manila Port Area Commission by General Wood has given an impetus to harbor improvements, and has facilitated the docking of ocean-going steamers and the loading and unloading of cargoes. Measures have been put thru for extending and coordinating the arteries of commerce on land and water with a view of affording better service with cheaper rates.

"One of General Wood's first steps," the dispatch concludes, "was to prepare and put thru the Legislature a series of measures calculated to rehabilitate the currency system and reinstate the peso to its normal par value of 50 cents gold. As a result of these timely measures the credit of the insular government was redeemed. With the restoration of confidence new capital has been given a new lease of life."

Commenting editorially upon General Wood's record in the Philippines, the Times, under the caption "A Great American Administrator," says: "To General Wood are due the thanks not only of his own countrymen, but of the British people, for his emphatic assertion of the necessity for preserving the white man's power and the white man's prestige in the Pacific. Curiously enough, Japan and China have both seen fit to honor him. As a true friend of Great Britain, as one who has done forthright service in time of war with our great Allies, and not least as the host of the Prince of Wales during his visit to Manila, General Wood has assuredly merited such recognition as the British government can bestow."

Banks will be closed all day Monday, Sept. 4th, Labor Day—Legal holiday.

6 Cylinder—50 Horsepower—\$995

The Jewett weighs more than 2800 pounds ready for the road. That at once proves that it cannot be compared with any "light" six on the market.

It is equipped with a fifty horsepower motor of 3 1/4 inch bore and 5 inch stroke. To find a motor of equal power you must look to cars that sell for a much higher price.

It is important to remember these facts. For they prove that the Jewett is built with excess strength in every detail of its frame, transmission, clutch, drive shaft and special Timken axles.

And they prove most conclusively that the new reduced price of \$995 f. o. b. Detroit is the standard of value by which all five passenger sizes must be judged.

It is sold and serviced by Paige dealers everywhere

"USE THE TEETH."

Editor Journal:

In a recent article in Collier's, William Allen White sums up the history of prohibition in Kansas in "A Dry West Warns the Thirsty East." He says we may all "admit frankly that no law on earth will prevent old soaks from getting liquor, but that Kansas and the thirty states of her tradition and kind would no more lose their forty years' fight for prohibition than they would lose their four years' fight against slavery."

In recounting the history of prohibition in Kansas, Mr. White says: "After many ineffectual trials came a law that had teeth in it. A law was passed under which the physical property in which a saloon was kept became a nuisance. The owner of the property, although he might not be the keeper of the saloon, could be fined for violation of the law and his property and his building locked up as a punishment. Often a building was locked up for months and the owner had a heavy fine, sometimes \$1,000 and more, upon his hands before he could unlock the building and re-rent it. Then the property holder became a raging prohibitionist."

The Illinois prohibition law has just such teeth, and the enforcement of this clause will do more than anything else to bring about a dearth of bootleggers' joints. It is being used most effectively in Madison and St. Clair counties, of the state. And U. S. District Attorney Hon. Thomas Williamson recommends the use of the injunction to suppress nuisances under the state law by state's attorneys.

It is true the supreme court of Illinois has thrown out a couple of cases of this kind, but they were done on the errors of the state's attorney who failed to give the necessary five days' notice to the defendant for a preliminary hearing.

Illinois is to be a battle ground of the wet and dry forces this fall as the wets are bringing on a vote on light wines and beer for Nov. 7th., and it behooves every dry citizen as well as official to get under the present good laws we have and help to prove untrue so much of the propaganda of the wets, that prohibition can't be enforced. Morgan county and Jacksonville have always been peace-setters for the rest of the state. Let us show them in this and "Use the teeth."

COLLEGE OF MUSIC NOTES

Miss Lulu D. Hay, who spent the past year in Chicago in study, is expected back in Jacksonville soon to resume her teaching at Illinois Woman's college. Miss Hay already has a large class booked for her and she will, in addition to her piano work, do some of the advanced theoretical teaching.

Miss Beatrice Horsburgh, head counselor at Camp Winnisquam, Milton, Vermont, and Miss Olga Sapio, head piano teacher at the same camp, are now resting from their summer camp activities at Long Branch, New York. They appeared in the summer Artist Series at the University of Vermont, Burlington, Vermont.

Madam Elma Tofft-Colard, who was engaged as teacher of voice to succeed Miss Louise Miller, has been spending the summer with music engagements in and around New York City. Madam Colard has had a very interesting career, which includes many successes in her native country, Denmark, as well as Sweden and France.

Madam Colard decided to come to America in 1917, where she made her debut in Egleston Hall, New York, and repeated the successes of her European appearances. Madam Colard has had the advantage of association with Edward Grieg and his wife, Christian Sinding, and Johan Svendsen, from whom she received instructions in piano before she appeared as singer.

Madam Colard received her voice training in Paris with Monsieur Devillier and Mme. de Lande. She made her debut in Copenhagen. Her programs include French, Italian, German, English, Danish, Norwegian and Swedish songs and arias.

Mme. Colard has had a voice studio in Carnegie Hall, New York, for five years where many fine concert singers have made their debut under her guidance.

Mme. Colard is a woman of magnetic personality, a most enthusiastic worker, a rarely popular singer and teacher, an able College of Music feels fortunate in having secured an artist of such distinction for its faculty.

The College of Music looks forward to an active year and already has one of the largest enrollments for many seasons.

PAYMENT OF ACCOUNTS from those I have favored with credit in the past, is respectfully requested. Especially those who have let repeated statements go un-noticed. All such accounts are long due and will be placed for collection on Oct. 1.

AUTO RACES ARE FEATURE AT FAIR

Chevrolet Wins All Three Events—One Car Breaks Fence And Turns Turtle.

Beginning at two o'clock yesterday the various entries in the automobile races at the county fair grounds began their various races against entries and their time were as registered below:

1. Buick Special—Dr. Roberts, Indianapolis.
2. Chevrolet—Leon Crabtree, Paris, Ill.
3. Mums Special—H. Mum, Decatur, Ill.
4. Dodge Special—G. F. Sanders, Decatur, Ill.

The races were managed by B. F. Davis of Paris, Illinois who is a professional race promoter. The timers were Clark Green and William McNamara. O. Spaulding was starter. Dr. Davis said that the reason no more cars were here was the fact that on the same day races were being held in Kewanee, Danville, and Winchester, Ind.

In the qualifying heats the cars

and their time were as follows. No. 1, 1.36 seconds; No. 2, .36 sec. onds; No. 3, .39 seconds; No. 4, .42 seconds; No. 5, .34 seconds; No. 7—

In the first race, which was a ten mile affair, No. 2, the Chevrolet special was the winner, the time being 12 minutes, 2 and 4-5 seconds. No. 5 and No. 7 started out in the lead. No. 5 held the lead until it ran thru the fence and capsized. Neither of the car's occupants was seriously injured altho one man had a badly injured arm. The reason for this accident was that No. 4 had taken a board of the fence and had left it on the track. This board received the blame of sending No. 5 thru the barrier to its fall. No. 7 took second money and No. 1 third money, the prize winners being the only cars that finished the twenty laps.

The Second Race
In the second ten mile race the following cars were starters: No. 1, No. 2, No. 7 and No. 4. Just as this race was about to start Edward Leigh of Pleasant Plains drove up to the fairgrounds in his Ford Special and expressed a desire to enter. He was given 10 as his number. But very unfortunately the Ford showed a very balky disposition and delayed the race another twenty minutes, finally it's owner persuaded it to start, greatly pleasing the crowd.

This was a real race. No. 2, the Chevrolet, took the lead in the first fifty yards and kept it all thru the race, finishing half a lap ahead of No. 1, which was second, the time being 12:06 No. 4, the Stutz went under the wire third. After 3 laps No. 10, the Ford, dropped out. A very close race was staged between numbers 1 and 7 for 5 or 6 laps, then No. 7 had trouble and dropped out. The Stutz kept both of these cars back.

Twenty Mile Race
Numbers 1, 2 and 4 were the only entries in the big race of the afternoon, the twenty mile. At the end of the second round No. 1 went out of commission leaving the race between numbers 2 and 4. The Stutz was a good car but was too large and heavy for a half mile track.

In the early part of the race No. 4, the big Stutz, skidded clear around a corner and went thru the fence backwards. The driver pulled right out again and resumed the race. This act brought forth applause from the grandstand. At the end of the 25th lap No. 2 was leading No. 4 by two laps. No. 4's driver thought he had better speed up a bit and made several dangerous skids toward the fence. These skids made the spectators that lined the fence somewhat nervous and the wiser ones backed up a little. No. 4 began to gain slowly but at the end of the race was nearly a lap behind the Chevrolet. The Chevrolet pulled in first money for the third time, the time in the third race with time in the last race of 29:28.

LOYAL MEN'S CLASS TO HAVE BURGEO

A real honest-to-goodness Burgoo soup with all the good side dishes, such as chicken, sandwiches, hamburgers, watermelon, ice cream, will be served at Centenary M. E. church on Wednesday, Sept. 13.

One of the best soup makers of Morgan county has been secured to make the soup while the other dishes are to be prepared by the men assisted by the Ladies Aid Society.

Each year the class has a dinner or picnic and this year it has been decided to have the Burgoo as it is most popular and appreciated. C. S. Smith is teacher of the class, C. W. Boston is president, while T. B. Reeve is chairman of the committee on Arrangements. A more extended account will be given later with the plans fully outlined.

Owing to the lack of sufficient room on the church campus no games can be played altho it has been rumored that some of the men have been asked to conduct a beauty contest for men only, at which time all those purchasing burgoo soup would be entitled to vote for the handsomest man in the class.

TRUCK CATCHES FIRE
The fire department was called to the Burlington freight station at 9:34 o'clock Saturday morning where the gasoline tank of a truck owned by the Jacksonville Transfer company was afire. Frank Eades had backed the truck up to the platform to load some freight. It struck the platform with such force that the tank was broken and the gasoline caught fire. With a nearby garden hose Mr. Eades got the blaze under control before the department arrived.

Illinois Woman's College

What do college women do after graduation?
Many of them marry, and they make better homes, better wives and mothers, because of their college education.
But it is interesting to list what the Woman's College graduates are actually doing besides making better homes. Here is a partial list from the year's report:

Deans of colleges, superintendents of schools, principals of High Schools, professors in colleges, teachers in High Schools, missionaries, pastor's assistants, Y. W. C. A. secretaries, librarians, supervisors of music, Chautauqua entertainers, organists, soloists, choir leaders, supervisors of Art, illustrators and designers, physical training teachers, supervisors of Community Play Grounds, dietitians in hospitals, cafeteria managers, County Advisers, Community Health officers, social service workers, chemists, physician's assistants, office managers, journalists.

Young women of Jacksonville: What do you want to do? Enroll at the Woman's College, and get ready for it. It will pay you many times over, and is the best investment you can make.

FUNERAL OF GREENE

COUNTY MAN FRIDAY

Remains of Late Logan Bushnell

Laid to Rest at Barrow—Belonged to Well Known Greene County Family.

White Hall, Sept. 1.—Funeral services over the remains of Logan Bushnell, well known over the northern section of Greene county, were held at 11 o'clock Friday in the Baptist church at Barrow, the discourse being delivered by Rev. W. R. Johnson of Winchester, and the burial was in the Edwards cemetery at Barrow.

His father is Charles Bushnell, and he is survived by seven brothers and four sisters, all at home except Mrs. Roy March of White Hall. The family has always resided in and about White Hall and Barrow.

The deceased was 24 years of age, and he was born near Barrow. The family resided just west and in White Hall in recent years, returning to Barrow last February, where the father contemplated engaging in the mercantile business, but circumstances, including the illness of Logan, have delayed until his business venture will probably not be realized.

The deceased was taken ill with influenza and measles about a year ago, and most of the time for the past ten months has been bedfast, and the end came at 10:55 a. m., Wednesday as a result of ulceration of the stomach. He was a member of the Baptist church, and comes of a family every member of whom are held in highest esteem and widely known.

WILL BE CHOIR LEADER

At State Street Presbyterian church Sunday Mrs. Carl Robinson will be choir leader and Mrs. Helen Ayers Bullard organist.

Be Your Own Administrator

With the use of life insurance you can direct your financial affairs from beyond your grave. You can arrange with a life insurance company to pay your dependents a certain amount monthly, or otherwise. You can arrange for the company to pay off your mortgage at your death.

If your estate is not sufficient to support your family in case of your death, a life insurance company will "loan" you an estate until you have accumulated one of your own.

Modern life insurance offers you many advantages in arranging the financial program of your life. Consult us as to some of these advantages.

Morning devotions occur at 10:45 a. m. The pastor, Rev. A. P. Hewells, will preach on the subject, "Manna." Miss Engle will be at the organ, and Homer Wood will sing. Communion service will follow the preaching hour. "Better Giving" is the subject of the Senior Baptist Young People's Union which meets at 6:30 p. m. This subject is being used throughout the country on Sept. 3 in the interest of the Baptist titling program. "The Religious Radio" will be the subject of the sermon at the evening service which begins at 7:30 p. m. The mid week prayer meeting conducted by the pastor is held on Wednesday at 7:30 p. m. The parsonage phone number has been changed to 479W. The janitor's phone number has also been changed to 1322Y. Correct these in your phone book.

Mount Emory Baptist Church, corner of South Church and Marion streets, W. Henry Snowden, minister. Services morning and evening. At both services Rev. B. H. Hunter of Evanston, Ill., the Vice Moderator of the General State Association, will preach. Sunday school at 2:30 p. m. Mrs. Medora Bryant, superintendent. Last Thursday being Jacksonville Day at the fair, the Sunday School picnic was postponed until Monday, Labor Day. The Baptist Young Peoples Union will meet at 6:30 p. m. Mrs. Amelia Sharp, president. Subject, "Better Giving or Tithing," led by Mr. William Blue. Come to the church of the royal welcome.

State Street Presbyterian church. All regular services will be resumed Sunday. The pastor will preach at 10:45 a. m. and 7:30 p. m. services of worship. Miss Gladys Cochran, recently returned Red Cross worker from Prague, will speak at Sunday school service. Members, friends and strangers are heartily urged to be present at these services. Welcome.

The Salvation Army, 108 E. College Street. Meetings for Sunday, Sept. 3, 1922. Sunday school at 2 p. m.; Holiness meeting at 3:00 p. m.; young People's Legion at 8:30 p. m.; Evening service at 8 p. m. The subject for the Sunday night meeting will be "Little, but Dangerous." Come to this meeting and find out the meaning of this subject. Also meetings through the coming week: Thursday evening at 8 p. m.; Saturday evening at 8 p. m. The Salvation Army extends a welcome to all to these services. Come and bring your friends. Lieut. L. E. Hall.

Trinity Episcopal church—J. F. Langton, rector. Twelfth Sunday after Trinity. Early service at 7:30. Holy Communion and sermon at 10:45.

Congregational church—George E. Stickney, pastor. Church school meets at 9:30. The regular morning service will be resumed at 10:54. Sermon by the pastor. Christian Endeavor meets at 6:30. Missionary society meets Tuesday at 3 at the church. Prayer meeting Wednesday at 7:30. The Young Women's Guild will have their all day meeting at the church Friday. Each member is requested to bring lunch and coffee will be served at church. This church extends a welcome to you.

Westminster Presbyterian church, corner of Westminster street and West College avenue—Sunday school at 9:30 a. m. Morning worship at 10:45. Dr. Smith has returned from Chautauque, N. Y., and will preach. George Gunn, who for two years has been studying in Chicago, will lead the singing and render some special

music. Young People's Christian Endeavor at 6:30 in the evening. At 7:30 Dr. Smith will preach a brief sermon and conduct a musical service in which Mr. Gunn will assist. At Wednesday evening service Dr. and Mrs. Smith will speak of "Special Blessings at the Mother Chautauque in 1922."

Salem Evangelical Lutheran Church East College and South East streets, Rev. J. G. Kuppler, pastor. Twelfth Sunday after Trinity. Sunday school at 9 o'clock. Public worship with communion at 10:30 a. m. Preparatory service at 10 o'clock. No evening service. The Ladies Aid will meet Thursday with Mrs. H. Toensman. The L. W. C. will meet Thursday evening. The choir is requested to meet Tuesday and Friday evenings. A cordial welcome to all.

Northminster Presbyterian Church, Walter E. Spoons, minister. Preaching at 10:45 a. m. and 7:30 p. m. The morning subject will be "The Divine Daybreak." Christ is the true light as distinguished from physical light. As contrasted with false lights, Christ is the light coming into the world. Christ is the light that lighteth every man. The evening subject will be "The Two Arks," or in other words—the Arks respectively of Moses and of Noah. Sunday School at 9:30 a. m. William Bieber, superintendent. A class for every one. The Sunday school and church will hold their annual celebration Monday at the park. Arrangements are being made to have a great time. Let all come and bring a well filled basket and enjoy this the 72nd year of the coming of the first exiles. Remember that prayer meeting is on Wednesday evening and we would like to have you present.

Grace Methodist Episcopal Church, Thos. H. Tull, pastor. 9:30 a. m. Sunday school, T. V. Hopper, superintendent. Bro. Hopper with Miss Rachel Hall and Miss Mary LaRue have returned from the School of Religious Education at Evanston and will bring to our school new ideas and inspiration for the coming year. Each teacher should be in his place, and all the members of each class should be present for the fullest cooperation. Morning worship at 10:45—theme of sermon "The Greatness of Our Blessings." In the evening the pastor will preach on the theme "How to See God." For various reasons the sacramental service will be postponed to a later date. This is the last Sunday of this conference year, and as the pastor will be compelled to make his report for the year, all matters of finance and other business should be attended to at once. Do not delay. All obligations for the local budget should be paid to Mr. Charles Hopper, and all Centenary subscriptions should be paid to Mr. H. J. Rodgers at Ayers National Bank. The pastor leaves early Monday morning, therefore all matters pertaining to the business of the church for the year should be attended to without delay.

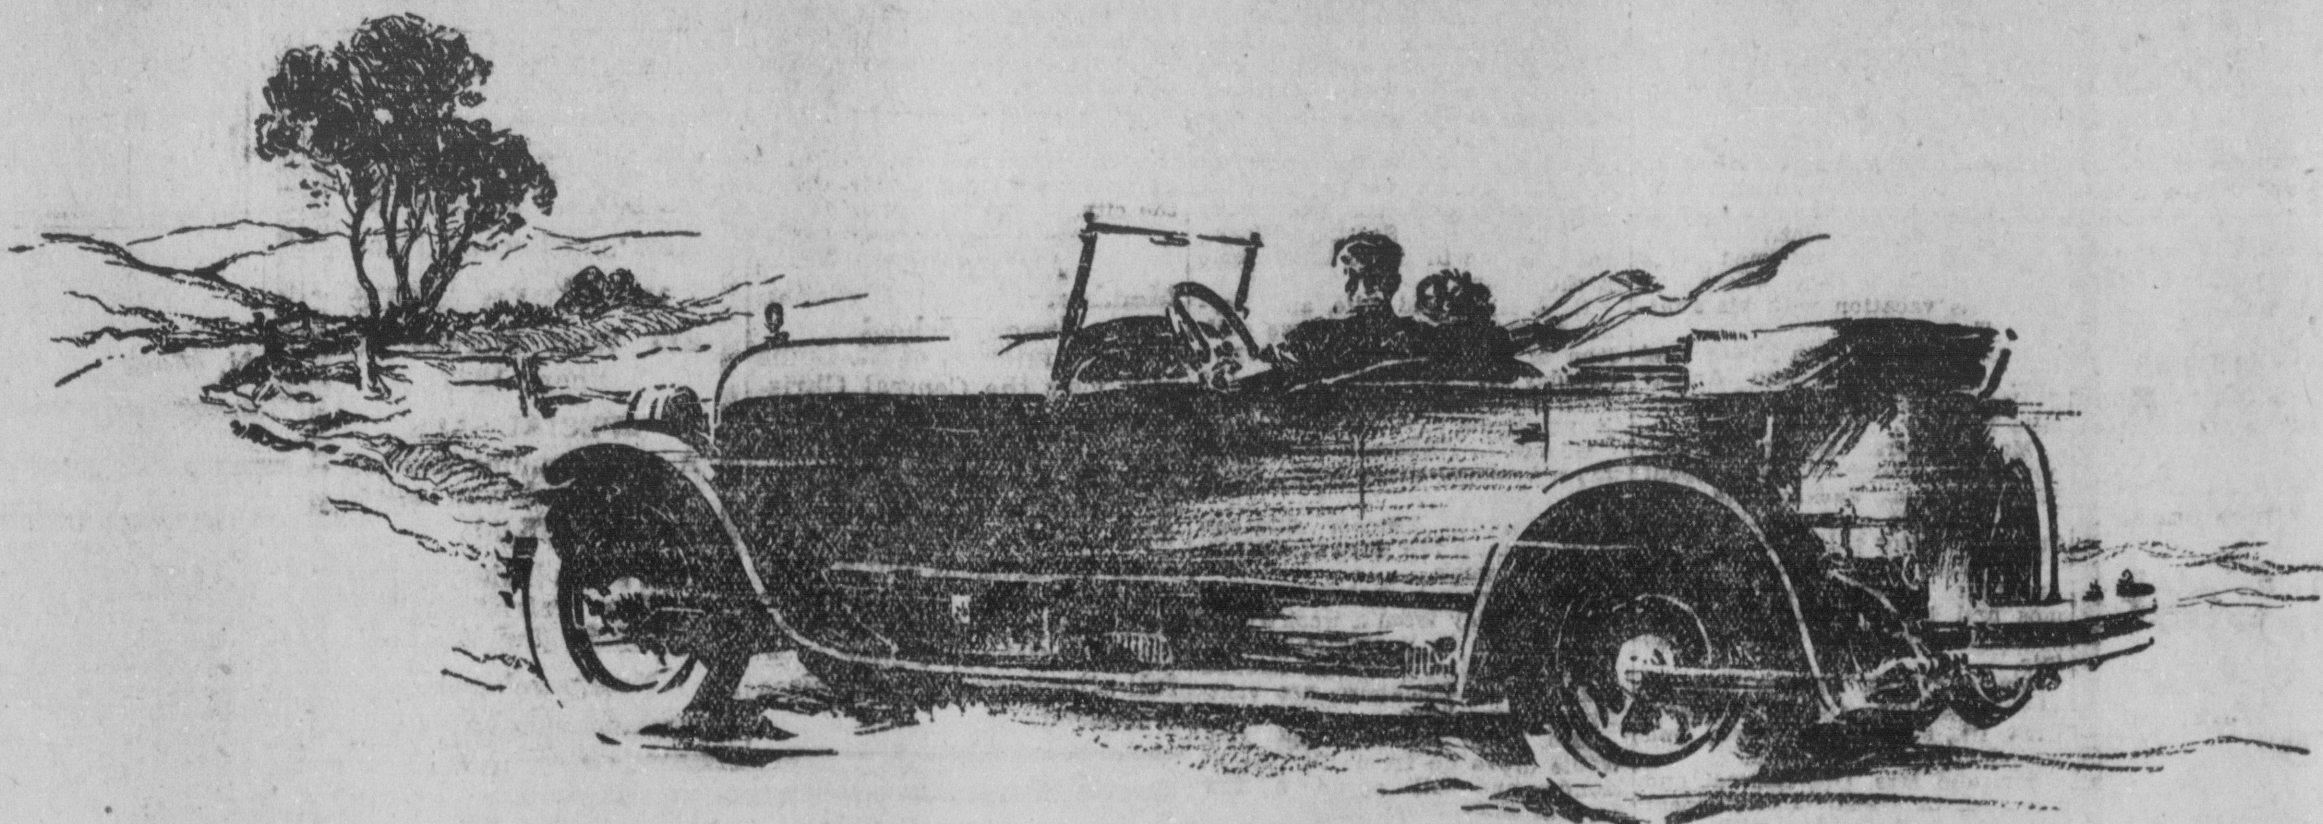

Bethel A. M. E. church—R. H. Hackley, pastor. Sermon at 11 a. m. by the pastor and baptism of candidates into the church. Sunday school at 2 p. m. Rev. J. W. Kirk, superintendent. Communion service at 3 p. m., administration of the Lord's Supper. Sermon by Dr. C. D. Robertson, pastor of Centenary M. E. church. Sermon at 8 p. m. by the Rt. Rev. L. J. Goppin, LL. D., of Philadelphia, Pa., bishop of the Fourth Episcopal district. The bishop is considered one of the leading preachers of his race and a profound writer of many valuable books. This is the bishop's first visit to Jacksonville and the public should avail themselves of the opportunity to hear him. Come early that you may get comfortable seats.

Brooklyn M. E. church—G. W. Randle, pastor; J. H. Reed, Sunday school superintendent. Sunday school at 9:30 a. m. Public worship at 10:45 a. m. and 7:30 p. m. Morning theme: "God's Message to Modern Industry." Evening: "Evangelistic Service." Prayer meeting (Wednesday night) at 7:30. Next Sunday will close the conference year and the pastor hopes to see all the friends present at all the services.

Central Christian Church, Myron L. Pontius, minister—Bible school at 9:30 a. m. B. O. Roodhouse, superintendent. Rev. O. T. Anderson representing the front rank of the Christian Board of Publication, St. Louis, Mo., will be present to visit the school. Morning worship at 10:45. This day marks the beginning of the ninth year of Mr. Pontius' ministry and the subject of the anniversary sermon by the pastor will be "The Task of the Modern Church." Senior, Intermediate and Junior C. E. meetings at 6:30 p. m. Evening service at 7:30. Theme of the sermon "A Bible Mystery." A cordial invitation is extended to the public to attend all the services of the day.

Centenary Methodist church—C. D. Robertson, pastor. This is the last Sunday before conference and it should be the best and most interesting of the year. The regular services will all be held, those that have been suspended during the summer being resumed. The program follows: Sunday school at 9:30 a. m. A. C. Metcalf, superintendent. Morning worship in charge of the pastor. Administration of the ordinance of baptism and reception of members. Sermon theme: "The Difference Christ Has Made." Epworth league at 6:30 p. m. Evening worship at 7:30 o'clock. Sermon by the pastor. Theme: "The Manifested Christ."

ANNOUNCING

The JORDAN Blue Boy in Blue Devil Blue

Supple, animated, full of warmth, a husky and happy companion for the charming Jordan Playboy has arrived.

It's the Jordan Blue Boy, in Blue Devil Blue.

It isn't fair to call it a four passenger sport model.

You can't just put a racing saddle on a farm horse and put him in the derby. You must have that little touch of something between the bit and the bumper which makes you feel like starting from Cedar Rapids directly for London, England or Paris, France.

This pepful new motor car looks like a million dollars and acts exactly like a rabbit when he's scared.

Try it while there's youth and life to spare.

When the last dull guest has gone to bed on a night so light that none can see a star—and winter seems the only time for sleep—choose for a companion someone to whom the world is always new.

Then the Blue Boy—in Blue Devil Blue.

Step on her, boy, and lightly leave the hot streets for twilight roads.

Desert the town and just go and go—as free as the corner of the scarlet veil, wind tossed against the evening sky.

No road guide for the playmates of the Blue Boy. Five roads and turn to the right. Five roads and turn to the left.

The Blueboy in Blue Devil Blue, was built for those happy people who bought a Playboy for their honeymoon but now want a little more room for the friends they take for an afternoon of golf.

You won't have to worry about the luggage. There's a wonderful trunk at the rear carrying everything you could wish or want.

The Blue Boy is dressed like some wonderful somebody with a charge account with Abercrombie and Fitch.

The wheel base has been lengthened for lowness—cushions hug the floor. The body was designed for a \$7000 car—frankly copied by Jordan.

The top fits like a swanky sport hat—and all is slender—'cept the tires—they are fat. Deliveries in September to a few.

STOCK MARKET HAS

IRREGULAR SESSION

By Associated Press.
NEW YORK, Sept. 2.—Price
changes in today's irregular stock
market were generally unim-
portant the absence of many
traders from the floor on account
of the holiday Monday resulting
in comparatively light dealings.
Most rails sold off, but there
was no extensive liquidation.

Motor shares were buoyant un-
der the influence of a further
forward movement in Studebaker,
which apparently was accelerated
by reports that August motor car
production of the industry gener-
ally would exceed that of July
by 200,000 cars. The demand for
closed cars is expected to offset,
in part, the seasonable falling off
of open car requirements.

Total sales approximated 347,
900 shares.

Foreign exchange held fairly
steady demand sterling showing
the most improvement at a gain
of 1c.

French and Belgian rates were
slightly higher but Italian and
German remittances showed a
nominal loss.

The clearing house statement
of \$1,385,000, was lower.

SIMMONS STEEL BEDS

Sleep is the Body's Building-up Time

ONLY deep, sound sleep can restore the energy spent in your day's work. People who know the facts are going beyond the mere looks of a bed, and asking about SLEEPING QUALITY. There isn't anybody anywhere but will sleep better in a Simmons Metal Bed and Slumber King Spring.

The Simmons Metal Bed is noiseless. It locks firm at the corners. The corner locks are made of pressed steel—have much longer bearing surfaces than the average—fit true and snug—not a creak, rattle, or feeling of unsteadiness. It is perfectly rigid—feels and moves like one solid piece.

The Simmons Pressed Steel Corner locks are protected by basic patents. They are the most fundamental inven-

tions of modern bed manufacturing—exclusive with Simmons' not to be duplicated or imitated.

And these patented corner locks have made possible the Three-Piece Bed—the new Simmons idea—the spring forming a single unit with the side rails.

If you want the most relaxing and constructive sleep anyone can get, you'll find it in a Simmons Twin Bed.

Everywhere people of refinement are learning that there's nothing like a separate bed for promoting perfect rest and good health.

No doubt you're tired of trying to get the right kind of sleep in a bed made merely for looks.

You'd be glad to get a good metal bed. The Simmons Bed comes in brass, and in enamel with or without brass trimmings. Also in beautiful natural wood effects.

We have just received a carload of these justly famous SIMMONS BEDS "built for sleep", in all the new designs, enamel, and wood finishes and we consider it a prestige to our store, that we can offer this wonderful product at extremely low prices
